ISB Executive Education's Certificate Programme in IT Project Management is a must for professionals who want to embrace digital disruption, adopt lean techniques, and use tools that adapt to increasingly agile environments. Do you want to transition to Information Technology Project Management roles? Manage projects for clients based across the world? Explore how in-time and efficient project delivery can accelerate your career? This programme's actionable, industry-relevant knowledge will help you dive into project management for software, minimise project risks, and drive business value. Learn through project management tools like MS Project, and @risk that deliver desired business outcomes.
